## KRISHNA KANTA HANDIQUI PRIMARY, HIGH SCHOOL (ENGLISH MEDIUM)

### PROFILE.....

World famous scholar ideologist and philanthropist from Assam. He was a recipient of the civilian honour of the Padma Shri and Padma Bhushan. Krishna Kanta Handiqui was born in 1898. His father was Radhakanta Handiqui and his mother was Narayani Handiqui. He was not only a worthy son of his parents but also of Assam. "Morning shows the day" – this proverb was quite applicable in case of Krishnakanta Handiqui. Being born in an aristocratic family, he had every opportunity to spend time in luxury, but instead, he remained busy in study from his childhood. Sanskrit Literature specially attracted him. While reading in class ten he finished reading great Sanskrit works like Meghdoot, Raghubasham, Kumar Sambhav, etc.

He passed the HSLC examination in first division in 1913 and started his higher education in Cotton College, Guwahati from the same year. He was specially inspired by the contiguity of Dr. Banikanta Kakati and Dr. Surya Kumar Bhuyan. During his study in Cotton College, he finished reading the great Sanskrit epic Naisadhacarita of Sriharsa. By virtue of his deep integrity in study he accomplished the nearly impossible task of translating the unfathomable epic Naisadhacarita of Sriharsa into English with explanatory notes which was published twenty years later. He passed his IA examination in 1915 from Cotton College and got himself admitted in Sanskrit College, Calcutta for graduation. He completed it with flying colours. Besides receiving a first class BA degree with honors in Sanskrit he was also awarded with the prestigious "Prasanna Kumar Sarbadhikari Gold Medal" and a scholarship of distinction. He did his MA degree from Calcutta University in 1919 and got First Class First position in Sanskrit.

His great thirst for knowledge led Krishna Kanta Handiqui to visit foreign countries to study for long seven years in universities like Oxford, Paris, Berlin etc. During this period, he learnt many foreign languages like French, German, Latin, Greek, Italian, Russian etc. He concluded his studies in Oxford with great repute; in 1923 acquiring first class Master's degree with honors in "Modern History".

Returning from abroad, he became the founder Principal of Jagannath Barua College and contributed immensely to make it a leading educational institution of Assam. Krishna Kanta Handique was the President of 17th conference of Asam Sahitya Sabha in Guwahati in 1937 at a young age of 39. Handique was the founder Vice-Chancellor of Gauhati University for nine years (1948–57). During this tenure he ensured to make it one of the most reputed universities of the country. Handiqui was posthumously awarded the sahitya Academy Award in 1985.

His literary achievements have made him immortal and world famous. He was honoured as “Prachyavidyarnava”. He was awarded with “Padmashree” and “Padmabhushan” by the Government of India. Gauhati University and Dibrugarh University awarded him with D.Lit degrees. “Earthly achievements are nothing more than air breathed out” – this was his philosophy of life. In spite of his leading a family life, this rare talent, like a sage, was able to roam in the depth of Indian Culture and Philosophy by virtue of which he accomplished his three major works namely “Naisadhacarita”, “Yaśastilaka” and “Setubandha”. These contributions have established him in high esteem amongst the intelligentsia of the world. This great man breathed his last on 7th June, 1982.

Named after this versatile genius and towering personality Krishna Kanta Handiqui Junior & Degree College and Krishna Kanta Handiqui Primary, High School (Assamese Medium) came into being at the heart of Pathsala under Barpeta District to commemorate the values and journeys explored by this scholar of worldwide fame. In the year 2016, KRISHNA KANTA HANDIQUI PRIMARY, HIGH SCHOOL (ENGLISH MEDIUM) was our another step in the field of education as a result of the response from learned society. ## From the Head Teacher's Pen....

The world today, as termed the global village, has picked up the pace with the ultra modern marvels of science and technology and most particularly with the information technology which has shrunken our vast planet. Human race is heading towards a new era in search of knowledge where it has become an essential task to keep pace with this fast changing world. This is why quality education with a revised

methodology has been quite indispensable for the young learners to make them wiser, smarter, more responsible and loyal in service to their family, society as well as the country. To emerge as the ideal citizens of this global village our children must be well acquainted with English which is considered as the global language. Keeping these objectives in view and also to nurture the pupils from their budding stage **Krishna Kanta Handiqui Primari, High School (English Medium)** has come into being at the heart of Pathsala under Barpeta district in the year of 2016 at the cost of untiring zeal, sincere effort of a group of educated, enthusiastic and devoted youths.

We heartily welcome the students from all corners of the state to this premier educational institute to build their bright career under the guidance and teaching of a competent and experienced teaching staff. We also welcome all creative suggestions from the learned guardians who still feel the lack of an English medium school at Pathsala in its real sense.

This institution aims at further development of every pupil's strengths and performative qualities.

Teaching as well as getting a child learned is a tripolar phenomenon. Parents, teachers and the pupils are the three poles which success and perfection of a school stand on.
